Information for Accepted Students:

Orientation: All students should attend the [FIUTS Embark](#) Exchange Orientation.

Insurance: International students are required to purchase UW's International Student Health Insurance Plan (ISHIP). Students are automatically enrolled in ISHIP when they register for classes. For students who qualify for a waiver of the ISHIP requirement and wish to waive ISHIP they must submit a waiver request on the appropriate website after they register for classes and by the waiver deadline which is always the third Friday of each quarter. Students who will be staying more than one quarter and will be covered by their insurance their entire stay, they can choose to submit an annual waiver request, which will waive the ISHIP requirement for the entire academic year.

Instructions on how to waive ISHIP can be found here: <https://iss.washington.edu/student-life/health-insurance/>

Ordering UW Transcripts: UW Study Abroad will pay for one electronic transcript to be sent to the email address of the students choice at the end of the exchange period.

When committing to an exchange at the University of Washington, students will be asked to complete the "Academic Transcript Release" portion of the application, and will be asked to enter an email address for the transcript to be sent.

It is the students responsibility to enter the correct email address in the request. Electronic transcripts must be accessed and saved within 14 days of the send date. If a student enters a personal email address, the transcript will not be official.
