Class Description
This class is an intermediate course into microeconomics. The class can be divided into 3 parts:
- Investigating aspects of consumer choice.
- Derive a firm’s production decision in different markets and compare their welfare effects.
- Study the exciting field of game theory and strategic thinking and its application to Duopolies.

Although there will be some overlap of ideas with introductory courses in economics the approach is more quantitative and a knowledge of calculus is necessary. Economics is learned actively through practice. Students are expected to attend lectures, read the textbook, and work through practice problems.

Grading:
- Problem sets = 10%
- Quizzes = 20%
- Two exams = 35% each

The grading policy of the Department of Economics determines the range for the Median grade in principles of economics courses to be between 2.9 and 3.1. A distribution of the grades on a 4.0 scale will be determined from the raw scores out of 100 to maintain this policy.

Note: Any issues with the scores on your Quizzes or Exams must be resolved within 1 week after they are handed back to you. It is part of your responsibility to verify the entries on the Catalyst grade book.

Make up Quizzes & Exams:
There are no make-up quizzes; however, your lowest quiz score will be dropped.

There are no make-up exams. In the rare circumstance of a student being hospitalized just prior to or during the midterm due to an accident or other ailment, you can come speak to me individually. There is no make up for the final. If you happen to miss the final, you will receive an “incomplete” for a grade in the course.

Disability Accommodations:
If you have a documented disability and feel comfortable sharing that with me, please do so at the earliest so that I can help make any necessary accommodations. I also encourage you to work with staff at the Office of Disability Resources.
**Additional Resources:**
The Economics Department offers several additional services to assist students in their Econ courses.

- English Language Learner Comprehension & Writing Center
- Personal Tutors for hire – email econadv@u.washington.edu for additional information
